All sessions will be taught by:

Hanshi Brandon L. Fisher, 8th Dan

- Okinawa Shorinryu Karatedo
- Okinawa Kobudo
- 40 Years Training
- 30+ Years Of Teaching
- Legal Use Of Force Certified Instructor

The Okinawa Karatedo Seijitsu Shin Do Kan Kyokai will be hosting a 3 session seminar. This full day of training is to help you as a karate practitioner to help add a little bit of kobudo to your training, to help you understand your basic techniques at a deeper level and to educate you on the legalities of self defense. We hope that this seminar will help you look outside of your comfort zone and expand your knowledge. This is why we call it the “Outside The Box” Seminar.

Session 1: Kama Kata “KANEGAWA NO NICHOGAMA” 9AM – 12NOON

We will work the kihon (basics) of the kama prior to beginning the kata and cover the basics of the kata. We will not allow sharp blades due to not knowing the level of experience of each participant.

Session 2: Tuite Jutsu 1PM – 4PM

Tuite Jutsu is the art within Karate that applies Joint Locking, Trapping & Seizing techniques that most people practice Ju Jutsu to learn. Tuite is similar to Ju Jutsu but applied slightly differently and can be applied to any karate style or even the Korean arts. We will be approaching it from the basic techniques that are in all martial arts.

Session 3: Use Of Force 4:30PM – 5:30PM

Understanding the level of force that can legally / justifiably be used to protect yourself and your loved ones is highly misunderstood due to many factors. Hanshi Fisher holds several certifications in this area and for the first time is offering to martial artists / martial arts instructors in a shortened format.
